President, Institution of Engineers, Singapore  
President, Association of Consulting Engineers, Singapore

Dear Sir/Mdm,

## ADMINISTRATIVE INSTRUCTION FOR FIRE SAFETY CERTIFICATE (FSC) AND MINOR ADDITION/ALTERATION (MAA) SUBMISSIONS

As part of the efforts to strengthen the fire safety regulatory regime, SCDF has made changes to the submission procedures for Temporary Fire Permit/Fire Safety Certificate (TFP/FSC) and Minor Addition/Alteration (MAA) submissions.

2. Qualified Persons (QPs) shall submit all Certificates of Conformity (CoCs), where required in the Fire Code, as part of Temporary Fire Permit/Fire Safety Certificate (TFP/FSC) and Minor Addition/Alteration (MAA) submissions.
3. The application for TFP/FSC FSC01 form has been amended to incorporate the necessary changes for the Project QP to (1) declare whether regulated fire safety products were used; (2) submit details of these products in the excel sheet (SCDF\_FSC\_PLS.xls) (**Annex A**); (3) upload the CoCs; and (4) list the date(s) of delivery of the regulated fire safety products declared in SCDF\_FSC\_PLS.xls.
4. The form FSC02 “Certification of Fire Safety Special Building Materials” has been renamed “Certification for Regulated Fire Safety Products” (please see **Annex B**). The list of regulated fire safety products for which the Appropriate QP (previously “specialised QP”)

TEL: 68481457 FAX: 68481490 EMAIL: TAN\_Chung\_Yee@scdf.gov.sg

needs to endorse on the FSC02 form is found in **Annex C**. Alternatively, the Project QP who is overall responsible for the project can choose to certify all the regulated fire safety products on behalf of the Appropriate QP.

5. The MAA workflow has also been changed to a two (2) step process rather than the current one (1) step process. The amended workflow can be found in **Annex D**, which incorporates the necessary changes for the Project QP to submit the Certificate of Fire Safety Works, as well as the Declaration on use of Regulated Fire Safety Products. The product details shall be submitted in the excel sheet (SCDF\_MAA\_PLS.xls) (**Annex E**), together with the CoCs and date(s) of delivery of the regulated fire safety products declared in SCDF\_MAA\_PLS.xls.

6. Please be informed that the revised submission procedure will take effect from 14 September 2020 and any incomplete or missing information may result in a rejection of the application, and thus a delay in the issuance of TFP/FSC/MAA.

7. Please convey the contents of this circular to members of your Board/ Institution/ Association. This circular is also available in CORENET's e-Info: <http://www.corenet.gov.sg/einfo>.

8. For any clarification on the contents of this circular, please contact MAJ Ang Oon Chye at Tel 6848 1420, HTX Tan Yi Yang at 6848 1734, or CPT Daven Tan at 6848 1408.

Yours faithfully

(transmitted via email)

**Regulated Fire Safety Products that require Endorsement by Appropriate QP**

4) Fire-rated partition - 4.1 Compartment wall *
4) Fire-rated partition - 4.2 Protected shaft enclosing lift *
4) Fire-rated partition - 4.3 Protected shaft enclosing staircase or services *
5) Fire-rated floor *
6) Fire-rated ceiling * - 6.1 Compartmentation *
6) Fire-rated ceiling * - 6.2 Protection to steel beams that support RC floor *
6) Fire-rated ceiling * - 6.3 Protection to timber/ steel flooring *
7) Fire-rated enclosure/ spraying material - 7.1 Protection to steel structure *
7) Fire-rated enclosure/ spraying material - 7.2 Protection to firefighting system (i.e. Dry riser pipe etc.) *
7) Fire-rated enclosure/ spraying material - 7.3 Protection to building service (i.e. cables, sanitary pipes, chilled water pipes, etc.) *
9) Fire-rated duct system (i.e. ventilation, smoke-extraction and/or kitchen exhaust ducting system) *
11) Fire stopping material (including fire-rated collar) *
12) Fire-rated glass block/ glass partition *
26) Intumescent coating system (for protection to steel structure) *
29) Raised floor panel *
30) Material for wall/ceiling/floor construction *
31) Thermal insulation material *
32) Finishing material for wall/ceiling *
33) Plastic finishing material for floor *
34) Roof covering material *
35) Composite panel (cladding to external wall) *
36) UPVC window frame material *
37) Engineered timber *
38) Solar Photo-voltaic (PV) roof-mounted module *
39) Coldroom - 39.1 Non fire-rated coldroom material *
39) Coldroom - 39.2 Fire-rated coldroom material *

### QP's Declaration on Regulated Fire Safety Products used in this project

I declare that there are no regulated fire safety products used in this project.

I declare that all regulated fire safety products used in this project as indicated in "SCDF\_MAA\_PLS.xls" are in accordance to the Fire Code.

**Submission Checklists**

The following are attached :

1. Final MAA Plans  
Drawing File Name\*

*[Enter Drawing File Name attached with CR application]*

2. Regulated Fire Safety Products Listing Declaration (SCDF\_MAA\_PLS.xls)

3. CoC for Regulated Fire Safety Products

**Certification By Qualified Persons**

I hereby certify that the fire safety works for the above project given in this form, have been completed in accordance with the Code for Fire Precautions in Buildings, Fire Safety Act and its Regulations and relevant Codes of Practice.

SCDF\_MAA\_PLS.xls is required if this filed is selected \*

The file name of the final layout has to be indicated . e.g. 1\_storey.dwg . 1\_storey.pdf \*

\*Application may be rejected if the information is incomplete.
