

NEWS RELEASE

FIRE SAFETY ASIA CONFERENCE 2022

The fourth Fire Safety Asia Conference will be held from 16 to 18 November 2022 at the Singapore EXPO

1. One of Asia's most prominent fire safety event, the Fire Safety Asia Conference (FiSAC), will be held this year after a five-year hiatus. Jointly organised by the National Fire and Emergency Preparedness Council (NFEC) and the Singapore Civil Defence Force (SCDF), FiSAC 2022 will be held from 16 to 18 November 2022 at the Singapore EXPO.
2. FiSAC 2022 aims to have about 300 international and regional delegates from the fire safety and building industry come together to attend a two-day conference and a half-day workshop. The conference also includes an exhibition showcasing state-of-the-art fire safety and firefighting equipment and technologies.
3. Fire chiefs and overseas dignitaries will be invited as distinguished guests of FiSAC 2022. Other overseas industry practitioners also have the option to participate in FiSAC 2022 virtually, a first for the event.
4. The progressive conference theme of "**Rethink, Redefine, Redesign: A **BREAKTHROUGH** in fire safety, sustainability and emergency response**", embeds the spirit of leveraging technology, embracing innovation and the growing emphasis in environmental sustainability. The blue, together with the greenish hue, was specially chosen to underscore the importance of sustainability in the pursuit of new breakthroughs in fire safety and emergency response.
5. Please refer to the **Annex** for more information and key highlights of FiSAC 2022.

NEWS RELEASE

ANNEX

1. As the fire safety regulator in Singapore, the SCDF routinely organises fire safety seminars and workshops jointly with the NFEC. These events share and impart information as well as provide critical updates on fire safety matters to the local building and construction industry.
2. The inaugural Fire Safety Asia Conference (FiSAC) was conducted in 2011 to create an opportunity for industry professionals and regional fire safety communities to share and impart latest knowledge and developments on fire safety and emergency response matters. Since then, the NFEC and SCDF had successfully organised two other FiSAC in 2014 and 2017.
3. The key highlights of FiSAC 2022 are:
 - i. Conference Keynote Speakers – Besides the line-up of conference session speakers, FiSAC 2022 will include keynote speeches by the Permanent Secretary of Home Affairs, Security, Reforms & Equality from Malta; Malaysia's Director General of Fire and Rescue Department; and Chair Holder and Head of Department for Research for Fire-Safe Sustainable Environment from the Slovenian National Building and Civil Engineering Institute.
 - ii. Workshop – The third day of FiSAC 2022 will see workshops providing participants with lessons in the areas of Fire Safety Design, Fire Safety Management and Operational Response.
 - iii. Fire Safety Design Awards (FSDA) – The FSDA recognises ingenious design processes and solutions to overcome project challenges while maintaining high standards of fire safety design of building projects in Singapore. The Awards aim to inculcate a strong fire safety culture among building professionals in developing Singapore's built environment, recognise significant fire safety engineering achievements, and award Qualified Persons who consistently achieve high standards in fire safety and compliance to the regulations.

NEWS RELEASE

4. FiSAC 2022's strategic partner is the Institution of Fire Engineers Singapore and the event is supported by Association of Company Emergency Response Teams (Singapore), Fire Safety Managers' Association Singapore, Fire Protection Association Singapore, International Aviation Fire Protection Association Singapore, Orchard Road Business Association, Singapore Institute of Architects and Singapore Institution of Safety Officers.
